3 May 2018: LFS Tweaker 1.5 for LFS 0.6R Dear pilots companions, after a long delay, finally release the new tweaker version for the current LFS à € "0.6R. Otherwise, please wait a little longer. If you have made a donation and forgot to write your code, send me an email with your name (as seen in the donation) and your code to scorp@scorp.net. Note: - Now plugins can now be activated/ deactivated and show whether your ON or OFF. -Plugin (Beta) -Salva / Load all values in a file or save / charge only one part of the values. If you find bugs or have ideas, please use our forum. Thank you for reporting. Mahle Motorsport. -E à € "™ still beta then has a few bugs . But unfortunately, due to the time it takes to develop it, I was practically forced to make it a donation/year. So to unlock all the features, please make a donation with your unique code attached as a note (the code is obtained in the program). The 0.7A version brings a lot of internal changes, so it took me a little. It saves me time and you no longer have to wait to be unlocked. Write the new values in the program boxes and click À «Update values! À» Button to send values to LFS.5. Activate the plugins in the «Hacks / ToolsÀ» tab by clicking on the desired plugin check box.6. Back to LFS and have fun with the new settings. FFPRO FFRIMS FFMOD FFMOD X Auto colors (leather) ultra bright. Read more Here here, pilots. You will unlock! Some of you are opening PayPal cases or disputes immediately after donation and stating that you have not received anything or something similar. Tested with 0.6E / 0.6h / 0.6J 0.6E / 0.6F / 0.6G steering axis. 1:olrasu. 1:olrasu emoC .otrepa aro " À murof :otnemanroigGA !tazzinotnis etatseR .ottegorp li erirom otaicsal oh o ~Àsoc o am ,otlom ecaipsid IM.'Aip id etnein am .epyTraC id irolav i itutt eracifidom elibissop arocna " À ,eraccolbs azneS .irotavele illerrac ien emoc Download and use them at your own risk! However, it is better to add the to the track because you don't need to create any .knw file. Oh, and the control of offline donations has been added. 0.6E 0.6B This change allows you to change the speed of the wind in the game. Feb 27, 2022: Added transmission selection for V0.7a new change (only for 0.7): Now it is possible to overwrite and select any transmission for any car. I'm sorry I wasn't able to upgrade for so much time, but now on, you can expect frequent updates! I'm creating a dedicated forum so you can talk about the tweaker and other things about the LFS. For 0.6 versions it is already possible to do it at the interior of the CARTYPE editor. Download and unzip the file connected below at any point of the computer.2. Run the game and the .exe file from Archive.3. Click «Attach to ProcessÀ» and select the executable LFS running [examples]. 4. Mar 30, 2020: Automated release procedure! Hi everyone, just finished implement the automated donation and unlocking procedure. Sage features, for now is more or less the same. Have a good time! And thanks to everyone for your support. Only to let you know that the tweaker will be released ASAP à € "I will start working as soon as it is released. Dà € "™ now on (from the tweaker version 1.81), when you click on the DONA button, it will take this page, where you can enter your unlock code and make a donation.
